WORLD FORUM

Cape Town plays host to LP Gas Industry Leaders

Cape Town, recently voted the world's number 1 conference destination was a fitting venue for the 20th World LP Gas Forum from October 24th – 26th. More than 450 delegates from 54 countries across the globe came together to learn, share experience and network under the theme of "LP Gas – Fuelling Life".

WLPGA PUBLICATION

The Statistical Review of Global LP Gas 2007

Revised and updated, this popular review provides consistent and comprehensive series of production and consumption data from 1996 through 2006. This edition features a further increase in named countries grouped into six main geographic regions. There is a more detailed breakdown of supply and market sector demand for the year 2006 as well as selected historic data for autogas, international trade, shipping, pricing and market consumption trends.

LP Gas: The Convenient Truth

Climate Change is one of the most talked about issues facing our planet today. A new study from WLPGA member PERC demonstrates that LP Gas is one of the cleanest fuels on the market.
